Meet the GT8

GT8 is more than a time and attendance clock. It integrates with Human Resources Management Systems (HRMS) and potential applications beyond workforce management. Employees punch In and Out and perform many comprehensive functions using a badge, PIN entry, finger, or face. The GT8 clock face looks as follows:

- Subject Illumination. Visible and IR lighting.
- Finger Reader Module. SF Slim Bio module. Depending on the option chosen the GT8 lower glass front plate may be with or without finger reader aperture.
- Swipe Reader Module. Magnetic or Barcode card reader.

Maintenance of the GT8

Cleaning of the outside of the terminal can be undertaken at intervals with any proprietary computer screen cleaning material. In all cases it is recommended that the surface of the clock is wiped with a lint free cloth that has been dampened with up to 70% isopropyl alcohol. We do not recommend spraying liquids directly onto the surface of the clock as this could potentially cause damage to the electronics. Particular care should be taken when cleaning the display and biometric devices to prevent damage. Do NOT use any other janitorial products, acids, solvents, polishes or abrasives. As long as the care instructions for the GT8 are followed, there is no need for regular maintenance of the device.

GT8 Biometric Enrollment

Before using GT-400, employees are required to enroll their faces and/or fingers. This section covers how to enroll employee faces and fingers.

Enroll Employee Faces

Supervisors can enroll employee faces by accessing the Supervisor Options. Employees can also enroll their faces themselves by accessing the Employee Self-Service Options.

To enroll an employee's face by accessing the supervisor menu:

1. Touch and hold the current time on the clock screen for more than 7 seconds. Lift your finger when the **Enter Local Supervisor PIN...** prompt is displayed.

2. Enter the supervisor PIN. The default PIN is 19051905. Then tap the check mark icon (). The **Select option...** prompt is displayed.

3. Tap **Supervisor**. The **Supervisor Options** screen is displayed.

4. Tap the **Manage Employee Profiles** tile. The **Present card or Search and Select Employee** prompt is displayed with the employee list by their last name.

6. Tap the camera icon **O**. The **Biometric Consent** prompt is displayed.

7. Scroll down to the bottom of the **Biometric Consent** prompt. Biometric Consent - 68185

You have been asked to provide certain biorhetric data for use in connection with our biometric timeclocks and/or timeclock attachments or applications. This biometric data may include, for example, information based on your fingerprints, handprints, or your hand or face geometry. This data, along with associated identification numbers or other identifying information, will be used for the purpose of authenticating and tracking your time and attendance while you are employed or otherwise engaged by us.

8. The employee has the following three options.

- If the employee agrees to the biometric consent to enroll their faces, they tap **I** Accept. The **Enroll Face** prompt is displayed to continue the face enrollment.
- If the employee taps **Cancel**, the finger enrollment is canceled. The **Biometric Consent** prompt is closed, leaving the **Edit Profiles** screen displayed. The face enrollment is discontinued.

• If the employee taps **I Decline**, the **Are you sure you wish to decline consent?** prompt is displayed. If the employee taps **Yes** to decline the biometric consent, the face enrollment is discontinued.

Keypad ID	68185	No face enrolled

• If the employee taps **I Decline**, the **Are you sure you wish to decline consent**? prompt is displayed. If the employee taps **Yes** to decline the biometric consent, the finger enrollment is discontinued.

9. After the employee agrees to the biometric consent, the employee taps the corresponding the dot for the finger to enroll in the **Enroll User** prompt. For example, the middle finger of right hand. Tap **CANCEL** to discontinue the finger enrollment.

10. In the **Scan finger to enroll** prompt, the selected finger (In the following example, the middle finger of the right hand) is highlighted on the left side of the prompt. The employee follows the image on the right side of the prompt by placing the selected finger on the platen.

11. The employee needs place the selected finger three times on the platen. The green dot on the left side of the prompt indicates how many times the employee has enrolled the selected finger. In the following example, the employee has placed the middle finger of right hand twice.

Note: It is important that the finger is placed on the platen in the same manner every time. Otherwise, the **Finger mismatch detected**, **please re-scan!** message is displayed. The employee has to re-enroll his finger.

12. After the finger enrollment is completed, the corresponding dot of the selected finger is filled with the fingerprint image.

The employee can perform the following operations:

• The employee can delete the enrolled finger by tapping CANCEL. The **Changes have been made...** prompt is displayed. Tap **DISCARD** to delete the enrolled finger or **SAVE** to keep the enrolled finger.

- The employee can save the enrolled finger by tapping **SAVE**.
- 13. Once the employee saves the enrolled finger, the employee's finger is enrolled with **Finger(s)** enrolled displayed.

Employee Operations

This section list Employee Options available for employees so that they can enroll their fingers and/or faces. In addition, employees can punch, transfer, enter tips, approve time card, and manage biometric consent. Your time clock may be set up to perform different operations. Contact your time and attendance partner for information about your time clock setup.

Punch In or Out

After employees are enrolled in the system, they can punch In or Out using their fingers or faces:

1. The employee places their face inside the ellipse.

Or the employee places their finger on the platen.

2. If the employee's face or finger is recognized, the **Employee Options** screen is displayed. Verify by face - Allan, Isaac

If the employee's face is not recognized, the **Face not recognized** message is displayed. Tap **Retry** to place the employee's face inside the green ellipse again.

Verify by face - Allan, Isaac	
Face not recognized	
S Retry Cancel	
If the employee's finger is not recognized, t	ne Invalid Finger! prompt is displayed.
Invalid Finger!	

3. (Optional) If no mask is detected, the **No mask detected, are you wearing a mask?** Message is displayed. The employee needs wear their mask and taps **Yes** to proceed. The **Employee Options** screen is displayed.

4. Tap Punch In/Out.

5. The message "**Are you ending your shift**?" is displayed. Tap **No** if the shift is not the End of Shift. Tap **Yes** if the shift is the End of Shift.

• If you identify your punch as not the End of Shift, this punch is accepted with no need for attestation.

• If you identify your punch as the end of shift, you can attest your work condition and approve your shift. See *Approve Work Conditions of a Shift* on page 17 and *Disapprove Work Conditions of a Shift* on page 18 on how to attest your work condition.

The "Timecard(s) approved" message is displayed.

Approve Work Conditions of a Shift

If an employee agree the attestation statement regarding the selected shift:

1. Tap I agree.

2. The green checkmark is displayed before the shift. Tap OK.

Disapprove Work Conditions of a Shift

If you disagree with the attestation statement regarding the selected shift:

1. Tap I disagree.

2. Select one or more reasons regarding the work conditions of selected shift. Tap Confirm.

3. The red exclamation is displayed before the shift. Tap OK.

4. The "Timecard(s) approved" message is displayed.

Perform Simple Workgroup Transfer

Employee can perform workgroup transfer.

1. Tap Transfer. A single workgroup level is displayed.

2. Tap the empty field for this workgroup level. All available workgroups in this workgroup level is displayed.

3. Select a workgroup for this workgroup level.
