

Calendar Overview

To see your work schedules and days off, open the calendar screen in My Attendance Manager. If your system is configured for shift trades, drops and pickups, the calendar will display shift availability and status. The calendar screen displays schedule information in both calendar and list format.

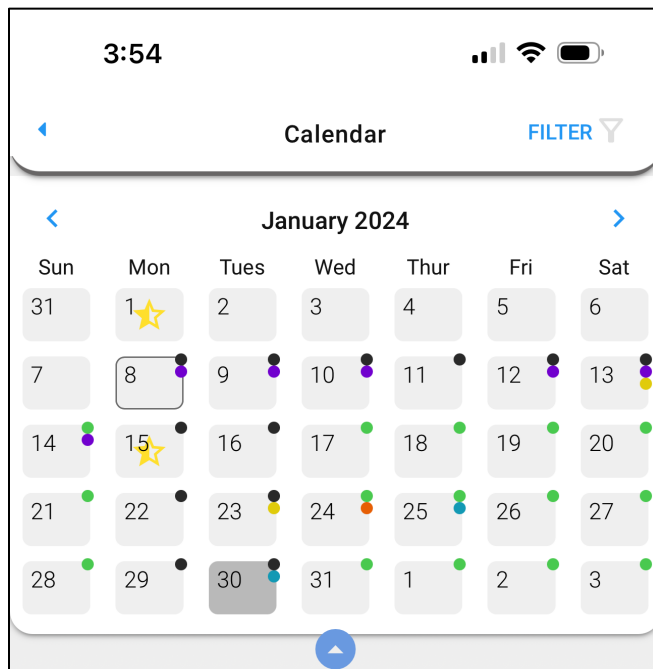

To view calendar information, tap the  icon in the home screen toolbar.

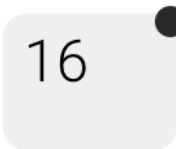

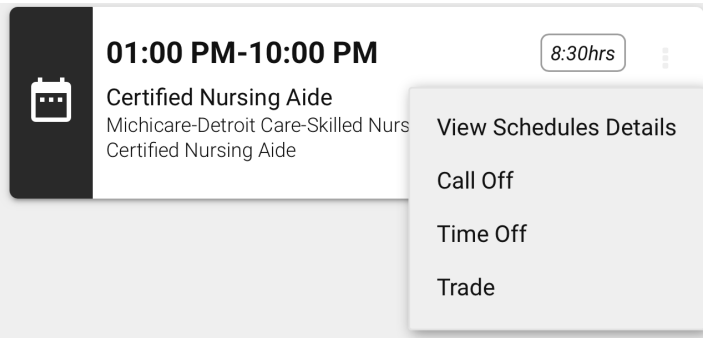

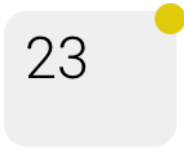

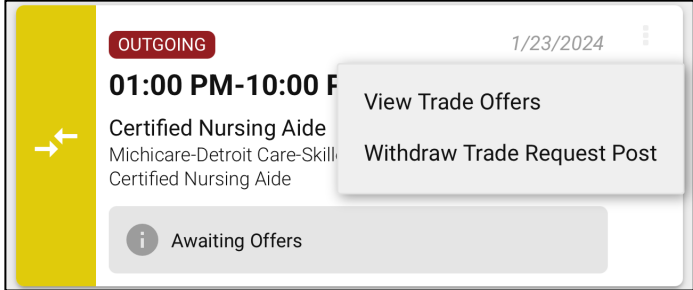

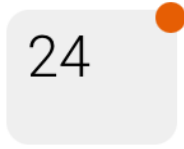

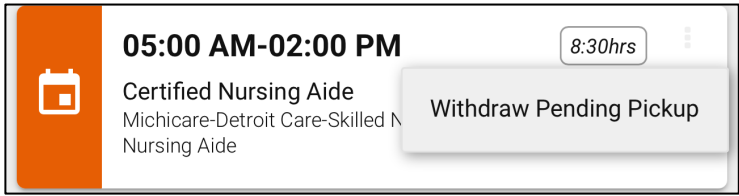

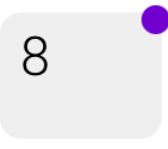

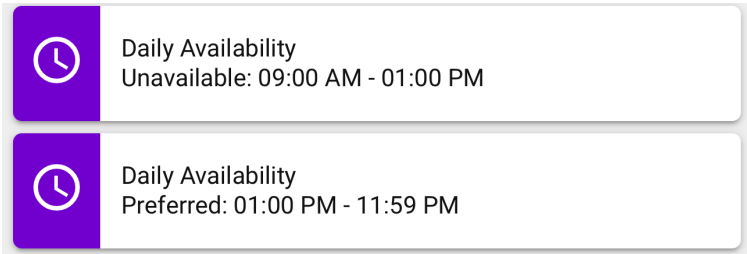

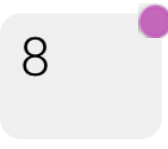

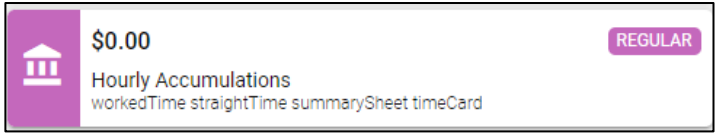

You can view your schedule in the condensed calendar format or tap the blue arrow button to hide the calendar and view only the schedule tiles.

The monthly calendar displays colored badges to indicate assigned work schedules, time off, schedule trades and pending schedule pickups. Tap a date in the calendar to view schedule details for that day displayed in the tiles below. Tap the schedule tile to access the menu options for viewing details or making adjustments to the schedule.

	Star Icon Indicates a company holiday

The calendar Filter lets you turn on and off features in your calendar, such as available schedules and leave requests. If a feature is turned on, you can fine tune your view with adjustments that determine which aspects of the feature will appear, such as selecting to view either leave requests or planned absences or both for the Time Off Requests feature. To view the filtering options, tap the Filter link at the top of the calendar page.

Swipe the colored button to the right to turn on or to the left to turn off the feature. Enable the feature details checkboxes to view them in the calendar. Tap the Filter button to save your selections.
